The recurring & non-recurring charges of the proposed Tuberculosis Hospital at Mysore, as estimated by the Senior Surgeon amount to Rs 20328-4-0

In accordance with para 15 of the note the Senior Surgeon was requested to point out the sums in the current years budget to meet the expenditure in question. He has informed that it is not possible to find such a large sum as Rs 9,204/- recurring charges, from the amount provided in the budget.

It is submitted that a saving of Rs 7000/- has occurred was anticipated from the general retrenchments in respect of the Medical Service (vide Govt. spr. No. Fg 23921-2 dt 7.6.21) It is under consideration to abolish one Asst. Surgeon's post (now Rs 161-205) on Rs 57/- per mensem & also to reduce the allowance of the Science Lecturer from Rs 25/- to Rs 75/-

The net saving ~~reduction~~ would be Rs 5808/- If this sum is withheld for the Tuberculosis Hospital, the remaining sum, may if advisable, be met out of other retrenchments.

The budget for the current year has only been nominally balanced. Taking the year's revenue and expenditure there is really a shortage of Rs.11¼ lakhs which has been made good by drawing upon some of the previous balances which happened to be available. No such balances will be forthcoming from the next year and as the 7 % Loan has proved popular and as the bulk of the subscription is to that Loan, the Interest and Sinking Fund charges will be heavier than anticipated in the budget. Besides, in view of our capital commitments, it is necessary to borrow a larger amount than a crore entered in the budget and larger the Loan raised, larger will be the contributions to be made on account of Interest and Sinking Fund charges. There is, besides, the disquieting factor of the probability of a decline in Excise revenue and under the operation of these causes, the revenue budgetary postion, even as it is, is very far from satisfactory and this fact emphasises the need for being very cautious in sanctioning new items of expenditure. I would, under

these

Serial No.

these circumstances, suggest that the consideration of new items of expenditure may be deferred until the next time of the next budget.

(a) If the views expressed by the Financial Secretary in any case, whether original or un-officially referred, are not accepted by the Member of Government in charge, or by the Dewan and Members of Council, as the case may be, the file containing the discussions shall be sent to the Financial Secretary a second time, in order to enable him, in cases in which he considers that the orders proposed to be issued are opposed to financial rules of Government or to recognised financial principles or for other reasons of a financial nature, are open to objection, to record a respectful representation to that effect, which will be placed by the Dewan before His Highness the Maharaja for consideration.

(b) All cases sent to the Financial Secretary under this rule should be treated as immediate and returned to the Department concerned within three days of receipt.

Extract from the Proceedings of the Council is put up.

Forwarded, with compliments, to the Financial Secretary to Government, under paragraph 9 * of the Government Order No. G. 17572-8—G. M. 676-17-1, dated 22nd June 1918.

By Order,

Chief Secretary to Government.

I beg to state that I cannot ~~have~~ help adhering to my opinion. I have personally explained the entire position to the Council yesterday. The procedure of sanctioning expenditure without any means of finding the money can only lead to embarrassment. There is enough of embarrassment already and in support of this statement, I enclose copies of my two notes of to-day on the financial situation.

Dewan) 24/9

Final Note by the First Member of Council.

Subject:— *Equipment for the Tuberculosis Sanatorium and provision to be made for its maintenance.*

In his letter No.C.1901-3 dated the 28th March 1921, the Senior Surgeon submitted an estimate of cost comprising non-recurring charges of Rs.11,124-4-0 and recurring charges Rs.9,204, on account of the Tuberculosis hospital proposed to be opened at Mysore. As the amount was large and could not be provided in the budget, the Senior Surgeon was asked to suggest ways and means for meeting the above cost. In his subsequent letter dated the 2nd June 1921, the Senior Surgeon stated that it was not possible for him to find funds from his departmental grants and that a supplemental grant was necessary, for the purpose. As the matter was urgent since it was proposed to open the Hospital in the next Dasara the Third Member had a personal discussion with the Senior Surgeon over the matter, as a result of which, the Senior Surgeon proposed to utilize Rs.15,000 out of the allotment for Medical stores immediately, provided the sum was re-paid by the beginning of January next. In these circumstances, the Third Member was of opinion that a special allotment was necessary if the hospital was to be opened during the current year and that the savings effected in the Police and other departments might be utilized for this purpose.

The subject was considered in Council on the 21st September 1921 and the following opinion was recorded:-

"The purchase of the necessary equipment at a cost of Rs. 11,124 may be sanctioned. The establishment according to the scale proposed by the Senior Surgeon may be entertained. A statement showing the additional grant required to meet the total cost, including equipment, maintenance, staff, etc., for the current year

may be obtained from the Senior Surgeon, for according formal sanction".

4 When the papers ~~was~~ were forwarded to the Financial Secretary for his remarks, that officer states that "the procedure of sanctioning expenditure without any means of finding the money can only lead to embarrassment". In these circumstances, he suggests that the consideration of new items of expenditure such as the present, may be deferred until the time of the next budget.

5 As has already been pointed out above, it is proposed to open the building during the coming Dasara and the building also is nearing completion. ~~In~~ The opinion of the Council may, in the circumstances, be graciously approved.

Bangalore,
24th Sept. 1921.

From the I/C S Senior Surgeon No C 1901-16 & 29.10.21

Forwards a statement showing the recurring and non-recurring charges of the Tuberculosis Hospital, Mysore and states that the sum of Rs 1,794, leaving Rs 11,124 sanctioned under equipment may be allowed to remain at his disposal to meet other necessities of the hospital.

Recurring charges

The cost of establishment charges according to the sanctioned statement amounts to Rs 505½ per mensem, or Rs 6066/- per annum. In the statement above allowance of Rs 527/- is provided for the Medical Officer or Asst. Surgeon to be deputed from the existing cadre. The pay of the Compounder is Rs 15-25? The minimum pay is provided in the statement. It is not clear whether the pay provided for the establishment includes additions to pay sanctioned in Govt Pro. No. 7CC-6-53 S&H 5-21 dated 9th Oct? 21.

The sum of Rs 9,204 sanctioned in Govt Pro. No. 2317-8 Inst 138-21 dated 15th Oct? 21, for recurring charges of the hospital was withdrawn for 12 months. The Senior Surgeon has drawn this amount for 8 months.

Calls for some information

13

From the C/I/S Senior Surgeon, No. C 1501-19 dt 24.11.21
Submits information on the several points mentioned in Connection with the recurring charges of the Infectious Hospital.

In Govt. order No. L 2317-8 (Med 138-20-7) dated 15-Oct-1921 the recurring charges of the Institution were fixed at Rs 9,204/- per annum, as against the application of the Senior Surgeon for establishment charges at Rs 767/- per mensem. He has proposed the establishment charges i.e. Rs 535-4-2 per mensem, and has applied for recurring charges of the new establishment, viz, Dieting charges, Bedding & Clothing, Hospital necessaries & Contingencies. The recurring charges now proposed exceeds the sanctioned grant by Rs 3,222/- per annum.
He has not intimated whether the Contingencies 1794/- left out of the sum of Rs 11,124/- sanctioned for the non-recurring charges should not be withdrawn.

No. C.1901—3 Office of the Senior Surgeon in Mysore

Ex: 1 file

Bangalore, 26th March 1921.

Med 138-Ex

FROM

The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

TO

The Secretary to the Government of Mysore,
Revenue Department,
BANGALORE.

Sir,

As desired in the Huzur Secretary's D.O.No.556, dated 7th January 1921, (copy enclosed), I have the honour to forward herewith an stimate of cost of equipment and recurring maintenance charges of the Tuberculosis Hospital proposed to be opened at Mysore and to request that you will be so good as to obtain the sanction of Government thereto at an early date to enable me to include the item in the next year's budget. The Chief Engineer may also be requested to provide the buildings with Electric lighting and water service and the necessary carridoys and a dead house.

I have the honour to be,

Sir,

Your most obedient servant,

H. S. Mysorgaman

VAM-BVA. OFFG. SENIOR SURGEON.

Copy of D.O.No.556, dated 7th January 1921, from the Huzur Secretary, The Palace, Mysore, to the Senior Surgeon, Bangalore.

The Tuberculosis Sanatarium buildings are nearing completion. So far as we are concerned, our responsibility will end there, and it is now for you to obtain the sanction of Government in respect of the furnishing and equipment of the institution as also the staff for it. I shall be obliged if you will take necessary action in the matter, as soon as you can, since it will take some time to settle these questions.

The Offg Senior Surgeon

Sir,

With reference to your letter No. 1901-3 dated the 26th March 21, submitting for sanction an estimate of cost of equipment and recurring maintenance charges of the Tuberculosis Hospital proposed to be opened at Lucknow, I am directed to request you to be so good as to point out the buildings and the means for meeting the expenditure in question, during the year 1921-22.

I remain

Bangalore.

Sir,

In reply to your letter No.G.24838-Med.138-20-2 of the 22nd instant, I have the honour to inform you that provision on account of the proposed hospital will have to be made in the Budget or extra grant sanctioned , as this question had not been thought of at the time of the preparations of the draft budget of this Department and as it will not be possible to find such a large sum as Rs.9,204/- from the amount provided in the provisional Budget.

I have the honour to be,

Sir,

No. C 1901-13. Office of the Senior Surgeon, in Mysore

Dated, Bangalore 26th/27 July 1921.

GEN & REV. SECTT.
27 JUL 1921

From.

Dr. H. D. Mylvaganam, F.R.C.S., (Eng)

Offg. Senior Surgeon, in Mysore,

Bangalore.

To.

B. Ramaswamiya, Esqr., B.A., B.L.,

Revenue Secretary to Government,

Bangalore.

Sir,

In continuation of my letter No.C.1901-12, dated 25/27-6-21, I have the honor to state, that during my last visit to Mysore on the 23rd instant, I took the opportunity to visit the new Tuberculosis Hospital which is almost completed except for a few minor works.

2. The bath rooms in the General ward require alterations to permit the escape of washings.

3. The servants and nurses quarters have not been provided with electric lights yet.

4. There is only one water tap provided for the use of the whole hospital and the staff. As the general ward and quarters for servants and the nurses are situated at ~~the~~ some distance from the tap, great inconvenience will arise. There should be at least a tap close to each of the main blocks of buildings.

5. The water supplied to the Hospital is unfiltered which is highly objectionable especially for the class of patients that are to be treated there. Patients in a low state of vitality require pure filtered water, otherwise lots of bowel complaints are sure to crop up. This has to be guarded against. The jewell filter is not very far away from the Hospital and it is not clear why the water supply

was not obtained from this source. This needs early attention if the Hospital is to be opened for the admission of patients at an early date.

6. I beg further to let me know if it is the intention of the Government to open this Hospital at an early date, now that it is nearing completion. As it would take some time before we could suitably furnish and staff it for the admission of patients, I beg that the estimate for P. Rs.9204/- sent with this office letter No. C.1901-3 dated the 26th March 1921, may be sanctioned early. If not occupied the buildings will go to rack and ruins and additional expenditure will have to be incurred in the near future.

I have the honor to be,

S i r,

Your most obedient servant,

Lt. B. Mytheyan

Go No 54

The Palace,
Mysore.
30th August 1921.

My dear Mr. Humza Hussain,

The Tuberculosis Sanatorium buildings are nearing completion, but there is so far no sign of anything being done to provide them with the necessary equipment. It is proposed to open the Sanatorium during the coming Dassara. I hope you will kindly do what you can to help us in doing so. I believe the total cost of equipment will only be about Rs 12,000/- at the outside.

Yours sincerely,
Mirza M. Ismail

NOTE—Contn. sheet.

Office of the Senior Surgeon,
Mysore Government,
Bangalore, 12th Sep. '21

Dear Sir,

With reference to our conversation last night about the opening of the Tuberculosis Hospital, at -- Mysore, during the Dasara week, I find that we shall require a sum of nearly Rs. 30,000/- to equip the Hospital and to maintain it till the end of the official year. This sum includes the pay of the Staff (except that of the Medical Officer) Nurses and menials and the cost of dieting 24 patients. The Medical Officer will have to be given an allowance of Rs. 50/- at least per mensem, as he will have no quarters in the Hospital premises.

2. I propose equipping the General-ward consisting of 12 beds to start with and leaving the Special-wards till next year.

3. The Laboratory, Compounding-room, Nurses, Matrons and Sub Assistant Surgeons' quarters will have

D.O. No. L.1756 General and Revenue Secretariat,

Dated Bangalore, the 23rd September 1921.

Dear Sir,

With reference to the question of the equipment for the Tuberculosis Sanatorium at Mysore and provision to be made for its maintenance, I am desired to state that the purchase of the necessary equipment at a cost of Rs.11,124/- has been sanctioned and ~~firmh~~ orders will be issued ~~to you~~ shortly. The establishment according to the scale you proposed may be entertained.

A ~~The~~ Statement showing the additional grant required to meet the total cost, including the equipment, maintenance, staff etc., for the current year may be submitted for formal sanction at an early date.

Yours sincerely,

ಅನ್ವ

Dated, Bangalore, the 5th October 1921.

From

The Offg. Senior Surgeon in Mysore,

BANGALORE.

REVENUE 2113
7 OCT 192
LOCAL SELF GOVT. BRANCH.

To

The Secretary to Government,

Revenue Department, BANGALORE.

Sir,

With reference to your letter No.L.1756 dated the 23rd September 1921 and subsequent reminder of the 29th September 1921, I have the honour to append a statement showing the initial cost of equipment, i.e., bedding & clothing, utensils &c., and furniture required for the new Tuberculosis Hospital at Mysore. The cost of dieting has been estimated for 25 patients for 8½ months on the basis of the provision made for similar charges in the Krishnarajendra Hospital. The provision under Hospital necessaries and contingencies may be allowed to stand, as it is not now possible to say how much the cost under these heads may actually come to. The cost of medicines and instruments has not been included, as these will be obtained from the Medical Stores.

2. As regards Establishment, the Medical Officer will be spared from the sanctioned cadre. A duty allowance of Rs.50/- on account of the special nature of the work expected and risk involved and a conveyance allowance of Rs.30/-, as the institution is situated at a distance from the City, are proposed for the Medical Officer. A local allowance of Rs.20/- to the Sub Assistant Surgeon is also necessary. These may be sanctioned as also the addition of one Sub Assistant Surgeon to the sanctioned cadre. The monthly cost on account of establishment comes to Rs.870½ and as only 7½ months' pay will have to be paid during the

Office of the Senior Surgeon in Mysore,
Bangalore, dated, 12th Nov. 21.

D.O.No.

Dear Sir,

Subject:- This Office letter No.1901-16 of 1920-21 dated 29th October 1921, submitting for Government sanction statements showing the details of establishmentand other recurring charges of the Tuberculosis Hospital.

****

With reference to the above, I have just received a note from the Offig. Senior Surgeon from Mysore asking me to write and request you to kindly have the matter put through as early as possible. The medical and nursing staff appear to have been already entertained under instructions of the Huzur Secretary according to the original intentions of opening the institution on the 15th of last month and these hands **havecomplained** to the Senior Surgeon about non-receipt of their pay for October. Hence the urgency. I may perhaps mention that sanction to a recuring establishment charge of Rs.9204/- per annum has been accorded in Government Order No. L.2317-5 Medl.138-28-7 dated 15th October 1921 as per statement submitted with this office letter dated 21st March 1921. In that statement the cost of establishment was estimated at Rs.767/- per mensem while in the statement now submitted it is only Rs.505/8 per mensem. There can be therefore be no difficulty in sanctioning the present scale of establishment.

We have received information from the Huzur Secretary that the institution will be opened on the 18th instant at 10 A.M.

Yours sincerely,

To
D.C.Subbarayappa, Esq.,
B.A.,B.L.,
Asstant Secretary to Government,
General and Revenue Secretariat,
Bangalore.

To

D. Sreenivasa Iyengar, Esq., B.A ,
Offg.Secretary to Government,
Revenue Department,
BANGALORE.

Sir,

With reference to your letter No.2328/Medl.138-20-1 dated, 14th November 1921, I have the honour to submit the following information on the several points mentioned therein in connection with the recurring establishment charges of the new Tuberculosis Sanatorium.

2. The minimum pay of the Compounder was, by mistake, shown in the statement, instead of the average.

3. The application of the Government Order No.Fl.C 6-55/S.&.A.5-21 dated, 9th October 1921 has been found to be unsuitable for several grades of the Medical Department. For example, the pay of Sub Assistant Surgeons which is Rs.45-55-65-70,80, 90 will become Rs.50-62-72-77,87,97. The pay of Nurses which is 50-5/3-70 will become Rs.55-62-67,72 and 77. In several other instances of Ministerial and Menial staff the pay,even with the additions is found to be quite inadequate. A separate reference will be made to Government regarding the inadoptability of the Government Order of the 9th October 1921 to the Medical Department.

4. For this reason, the minimum pay alone (instead of the average) has been taken into account in the case of the Sub Assistant Surgeon, Head Nurse and Indian Nurses and there will be no increase of cost till the next three or five years when only these hands are expected to earn their first increment The minima, in these cases have been raised by the additions sanctioned in the recent Order so as to allow an interchange of these professional hands between institutions without causing any inconvenience. As regards the menial establishment, all the hands will be newly entertained and there appears to be no need to give the additions to pay which are meant to replace the High Price Allowances which they never drew.

5. The recurring establishment charges thus come to Rs.535½/- per mensem according to the revised proposition statement herewith submitted, against Rs.767/- as estimated in this office letter dated, 26th March 1921, in which, the recurring charges on items other than establishment had not been included. It is not possible to limit the expenditure under these other items to the balance of Rs.2778. The amount of Rs.9,204/- per annum sanctioned in Government Order No.L.2317-8/Med.138/10/7, dated, 15th October 1921, is, it must be noted, only for the recurring Establishment charges. I therefore request that fresh sanction may kindly be accorded to the recurring charges on the items noted below:-

Establishment... ...	6,426/-	per annum.
Dieting charges.. ...	3,000/-	"
Bedding & Clothing. ...	500/-	"
Hospital necessaries...	1,000/-	"
Contingencies including water & lighting charges.	1,500/-	"
T o t a l.....Rs.	12,426/-	per annum.

I have the honour to be,
Sir,
Your most obedient.servant,

K.B. Mythreyan

Offg.Senior Surgeon.

SSR/BVA.

Sir:

With reference to your letter No. C 1901-19 dated the 22nd November 21, regarding the recurring charges of the new Tuberculosis Hospital, Mysore, I am directed to state that the grant already sanctioned cannot be enhanced and that expenditure must be limited to the allotment already made in that G.O. No. L 2317-8 dated the 15th Oct 21.
